

## ONE MISSION, ONE AGENCY!

CSOSA's Guiding Principles are reflected in the Agency Seal:

*Community, Accountability, and Justice*

### Mission

To enhance public safety, prevent crime and reduce recidivism among those supervised and to support the fair administration of justice in close collaboration with the community.

### Vision

A model community supervision agency that is recognized for positively impacting public safety.

### Guiding Principles

**Community:** We believe in the value of partnerships with community organizations, local and federal criminal justice agencies, city government, the faith community, and individual citizens in promoting both successful reintegration and public safety.

**Accountability:** We believe in the capacity of men and women to change. Offenders will be held accountable through a system of close supervision which includes swift interventions, sanctions, incentives, and support services. CSOSA will strive to enable an environment that is conducive to offenders' success.

**Justice:** We support the fair administration of justice through the provision of timely and accurate information and recommendations to criminal justice decision makers. We believe in the efficacy and fairness of our supervision interventions and the implementation of evidence-based practices.
